

## MBC Building Project Update #37

22 December 2011

Hi Everyone

Hi Everyone

In case you had thought otherwise, our Christmas service on Sunday will be at the existing, Parkside site this Sunday. This will be our last service at Parkside and we will move to the new site for opening on **1st January 2012**.

Final work is underway and there will be a few little bits and pieces to complete after we move in. We will need more helpers this week. Cleaners did a great job last weekend. We will need more cleaning to be completed next week from Thursday 29th December and we will need to relocate some of our things from Parkside. If any of you are bored and want to pop in tomorrow from 9:00am – I can give you some things to clean up and put in the bin.

Again, if any of you are available to clean (mostly vacuum) on Thursday, please let me know. I would also like to have a volunteer to coordinate the relocation activities - moving some of the equipment and setting up at the new place.

There are no more photos to circulate - signage is now up on the building and you can drive by and have a look yourself.

God Bless

---
